

Remote Area Lighting System

The Remote Area Lighting System (R.A.L.S.) delivers emergency lighting when you need it most. The light mast is stored in a water-tight Pelican case that can be wheeled to the scene and assembled in minutes. The telescoping light raises to over 7 feet with a tilting head that allows you to direct the beam. Lifetime warranty on the light and case; one year on the battery.

Features:

- ▶ All-in-one lighting system - all components fit in case
- ▶ 9 hours of burn time - compact and portable
- ▶ Runs completely quiet - no noisy generators
- ▶ System offers both spot and flood lighting
- ▶ Retains 85% of battery life, even after 6 months of storage

Specifications:

- ▶ Dimensions: 22"x14"x9"
- ▶ Extended height: 88" from ground level with head at 90°
- ▶ Total weight: 54 lbs.
- ▶ Power cord length for battery charging: 6'
- ▶ Input power requirements 115/230 VAC, 50-60 hz .98 amps RMS
- ▶ LED type: 1 watt luxeon (16x)
- ▶ Total lumens output: 1260 lumens
- ▶ Burn time: 9 hrs. peak light output, 17+ hrs visible light
- ▶ Output voltage: 12VDC marine cigarette plug (x2)
- ▶ Battery type: Seal lead acid, IATA approved
- ▶ Battery charge time: 6 hrs.

BG156 Remote Area Lighting System (R.A.L.S.) \$984.95

Brytte Day Portable Scene Lighting System

Lighting that is no longer tethered to the apparatus. Just grab it and go wherever and whenever you need it. Utilizing the world-class Optimum high-intensity lamphead mounted on a rugged tripod, this portable lighting system provides the brightest beam on any scene.

Lamphead

- ▶ 150w HID (High Intensity Discharge) bulb*
 - ▶ Wire guard protects the lamphead lens
- * 150w HID bulb will produce as much light as a 650w quartz halogen bulb

Tripod

- ▶ Air brake lowers the lamphead and pole slowly
- ▶ Twist lock has no protruding handle
- ▶ Folded less than 50", extends to 8'

Battery/Charger Unit

- ▶ On/Off button is located on top of battery charger, operating LED indicators, easy-to-follow directions
- ▶ Can be used while charging
- ▶ 2 hrs. of use per charge
- ▶ Over-current & over-temperature protection

Handheld Remote Area Lighting System

Low Battery Warning System

180° Pivoting Heads

- ▶ Polycarbonate lens is lightweight and impact-resistant
- ▶ Maintenance-free LED array w/life expectancy of 50,000 hrs
- ▶ Fully extendable mast with 360° rotating head
- ▶ Waterproof rubber activation switch
- ▶ Mast extension lock
- ▶ Variable tension angle lets light shine at any angle
- ▶ Metal battery chassis distributes load to handle
- ▶ Durable base soaks up impact
- ▶ Up to 8,000 lumens of tested LED light output
- ▶ Silent, energy efficient, rechargeable battery
- ▶ Retractable handle and rugged wheels for easy mobility
- ▶ Low heat
- ▶ Meets Class 1, Div 2
- ▶ Ship. wt. 25 lbs.
