

Rescue Kit 1 with Power Talk Box

The CON-SPACE Rescue Kit 1 with Power Talk Box is configured for a team of five rescuers consisting of two primary rescuers, two standby rescuers and a hole watch/team leader, for entries of 100' (maximum distance 1500'). They system can be configured for up to fourteen people using available modules and accessories. The command module is battery-powered, compact and lightweight making it completely portable. Three 1.5v alkaline "C" cells provide 400 hr. life on standby and all electronics are fuse protected. A low battery LED indicator gives 12 hr. warning battery replacement. System and accessories are waterproof. Molded fiberglass enclosures, knobs, and cables are impervious to a wide range of chemicals.

AZ400 Rescue Kit 1 with Power Talk Box \$7,406.95

TAC™-Stick Testing-Alternating Currents

The 24" long TAC™-Stick senses electrical shock danger from a distance. Up to 500 ft. in the case of typical unshielded transmission lines. 15 feet away from 120-volt power leaks. Even in the dark of night the TAC™-Stick warns of unseen dangers. A simple ring turns the unit on and off. Turn to the HIGH setting, listen for the beep and wait for the flashing light. Continue high setting until general direction is determined. Use the FRONT FOCUSED setting to pinpoint the source. Both the beeping sound and LED flashing will become more rapid as you come closer to the source. *Carrying case included. Ship. wt. 1.5 lbs.*

- ▶ Safety first, day or night
- ▶ 3 degrees of sensitivity
- ▶ Easy operation
- ▶ UL Listed

AR008 TAC™-Stick \$350.95

Victim Locator Kit

The Victim Locator Kit is lightweight, portable, battery-powered and can be operated by a single rescuer. Multiple kits can be deployed simultaneously on the same site without interfering with each other. It is a completely stand alone system that gives a single rescuer the ability to search a collapse. On location of a victim, 2-way voice communication is established immediately. Attaching a metal or PVC pipe to the back of the probe allows rescuers to push it deeply into a collapse through holes and cracks.

Includes:

- ▶ 1 - CSI-1100 mini module
- ▶ 1 - Rescue probe
- ▶ 1 - Probe behind-head headset-double w/mute
- ▶ 1 - 25' probe interface cable
- ▶ 1 - Rope coupler for probe
- ▶ 1 - Pipe coupler for probe
- ▶ 1 - 50' probe cord/snap hook
- ▶ 1 - Carrying case

AR314 Victim Locator Kit \$2,807.95

Two-Way Radio Accessory

The Two-Way Radio Accessory PTT can be configured to attach to virtually any portable two-way radio. It is intrinsically safe, totally waterproof and dust-tight. The unique Quick Connect allows the PTT to be attached to any of the Armoury communication devices. This adaptability allows the same system to be tailored to a specific users workplace environment or operational needs.

- ▶ Sealed cable glands & strain reliefs
- ▶ 360° swivel belt clip

Compatible with Motorola, Kenwood, Relm, Vertex, Icom, Macom, Midland etc.
