- Manufactured with rigid 1" OD tubing
- 30" handrails (measured from front of step)
- Built to OSHA and ANSI standards
- CAL OSHA available 6 - 9 step & 10 + step - contact us for pricing
- Standard finish is powder coat grey

Easy Operating Lockstep

Shipping ladders knocked-down (KD) may provide substantial freight savings.

Ballymore's knocked-down design features:

- Step by step assembly instructions with detailed photos included
- Special fasteners welded at strategic positions allow ladder to be partially disassembled
- Shortest re-assembly time in the industry (60% to 80% faster than our competitors)
