

## Wedge It™

These nearly indestructible plastic sprinkler wedges are superior to traditional wood. Gripper edges keep wedge in place, and recycled plastic construction means they won't soak up water or break. High-visibility yellow makes retrieval easier, and can be used again and again. A pre-drilled hole has been added to accommodate the addition of your choice of "lasso" for fast, easy retrieval. Use as a sprinkler or door wedge. Dimensions: 5 3/4" L, 1.7" at wide end. Color: Yellow. Ship wt. 1 lb.

**BD190** Wedge It™ (Minimum Order 6) \$1.95

## Shove Knife

Does the Job of Three

The fastest, damage-free means of opening residential, office interior doors with key in the knob locks. Works from either side of the door. If the door opens inward, you shove the knife in back of the molding stop and retract the latch. For doors that open towards you, the knife is slipped in from above or below the latch point, jiggled and pulled to retract the latch. Ship. wt. 1 lb.

**AH164** Shove Knife \$5.95
