

Rapid Response Blanket

All-Purpose Tactical Rescue Tool

The Kovenex® Rapid Response Blanket is a high-performance, flame and tear-resistant blanket used by extrication professionals and fire rescue teams. Tested to NFPA standards, Kovenex® far surpasses the performance of treated wool blankets, refusing to burn or tear. It will provide you and your rescue victims the needed protection against fire, intense heat and burn, shattered glass particles and sharp metal edges. *Dimensions: 58"x73"*.

- ▶ **Safer** - Patented, high-performance fabric resists fire and tear, protecting you and your rescue victims against open flames, shattered glass and sharp objects
- ▶ **Easier** - Kovenex® blankets are lightweight, yet durable, engineered to smother fire or wrap around a rescue victim for protection against burn and flying debris
- ▶ **More effective** - Tested to NFPA standards, Kovenex's heat blocking capabilities prevent contact burns

Special Operations Recovery Drag

This life saving device is the most efficient means of removing a downed firefighter or victim from the "Hot Zone". The S.O.R.D (Special Operations Recovery Drag) is lightweight, compact, and easily deployed. It has no buckles, snaps, or straps. It can be easily managed by one person, saving the lives of many. The Cotton Duck S.O.R.D. does not exceed any rating but is manufactured to 2,000 lbs. - 2,200 lbs. as a Nylon Border. The center consists of a single ply Cotton Duck with a good abrasive factor for dragging and gives the center 800 lbs. - 1,000 lbs. of carrying capacity.

Color: Fire Red

SAR Utility Vinyl Bucket

The SAR Bucket is made of 22 oz. rip stop vinyl and heavy-duty cotton. The SAR Bucket can tackle almost any job. Whether it be lowering equipment into confined spaces, collecting debris to be removed, or carrying tools and specialty equipment. Every fire truck should have a SAR Bucket. Bucket has storage pockets, four holsters, and a padded handle for hauling heavy loads with less fatigue on your hands.

The Tool Bag

Developed for easy access to commonly used tools. No flaps, zippers or closures to get in the way when specific tools are needed quick. Constructed with "TUFF BOTTOM", this durable bag is extremely lightweight. The outside side walls of the bag are constructed of heavy reinforced vinyl and the inside walls are rigid for support and durability. Outer pocket has ample room. Reinforced webbed straps make the handle strong and easy to use even when wearing thick firefighting gloves. *Measures 21"x9"x 9 1/2"*.
