

Smaller, Lighter and Packed with Power

VULCAN

The Vulcan® rechargeable lantern gives you the same great performance as the popular LiteBox®, but with less to handle. Weighing only 3.3 pounds, it has never been easier to carry up to 65,000 cp of power. Switch on the high-intensity halogen beam easily from the positive switchlock to give you more than 3 hours of continuous light per charge. The high-impact, waterproof, thermoplastic housing is virtually indestructible and features a cushioned rubber grip handle. Other features include shoulder strap and your choice of AC/DC or vehicle-mountable system. Available in yellow only. Mounting rack meets NFPA requirements mounted in any position., CSA approved, FM Approved; Class I, Div. 2, Groups A,B,C,D and Class II, III, Div. 2, Groups F,G. Ship. wt. 4 lbs.

120-volt AC & 12-volt DC charger, shoulder strap & charging rack	Truck mountable 12-volt DC direct wire charging rack & shoulder strap

Fire Vulcan® Lanterns

Available in Halogen or LED Rechargeable

The Fire Vulcan® is the brightest, lightest and smartest lantern in its class. The life-saving taillights are just part of what makes the Fire Vulcan® such a critical firefighting tool. In fact, this versatile lantern is ideal for the many roles of a firefighter. It provides all the benefits of the original Vulcan® (powerful, lightweight, and waterproof), but now offers even more. The LED rechargeable features new C4 LED technology and our special reflector makes it 5 times brighter than competing lights. Meets NFPA requirements.

Fire Vulcan® Standard Features:

- ▶ Ultra-bright blue taillight LEDs offer 2 modes: "steady" and "blinking"
- ▶ Easy-to-operate toggle switch
- ▶ High-visibility orange
- ▶ Compact and lightweight
- ▶ Extremely powerful: 65,000 candlepower
- ▶ Rugged, high-impact thermoplastic housing
- ▶ Waterproof
- ▶ Fits existing Vulcan® chargers
- ▶ Ship. wt. 4 lbs.

AZ116	Fire Vulcan® Standard System	\$130.95
AZ117	Fire Vulcan® Vehicle Mount System	\$123.95

Fire Vulcan® LED Rechargeable

LED Features - same as standard, but also:

- ▶ Up to 80,000 candela peak central intensity; optimized electronics provide regulated intensity
- ▶ Deep-dish parabolic reflector produces a tight beam with optimum peripheral illumination
- ▶ Two lightweight lithium ion nanotechnology cells: recharges in 5 hrs.
- ▶ Charger base meets requirements of NFPA 1901
- ▶ IPX7 rated design - waterproof to 1 meter for 30 minutes
- ▶ **BG522 & BG523** include quick release buckle strap
- ▶ Run times: Steady high LED & taillights: up to 3 hrs to the 10% output level; low: up to 6 hrs
- ▶ C4 LED, impervious to shock with a 50,000 hr lifetime
- ▶ 8 programmable functions
- ▶ Serialized for positive identification
- ▶ About 45% lighter than the halogen Fire Vulcan®
- ▶ Limited lifetime warranty
- ▶ Ship. wt. 3 lbs.

BG522	Fire Vulcan® LED Standard System with AC/DC	\$159.95
BG523	Fire Vulcan® LED Vehicle Mount with 12v DC	\$154.95
BG524	Fire Vulcan® LED without Charger	\$134.95
