

Derma-Lite™ Nitrile Gloves

Durability & Puncture Resistance

The smart choice to protect today's EMS professionals from bloodborne pathogens. Three times as puncture/tear resistant as natural rubber gloves of the same thickness. The great feel and contour shape hug your hand for maximum comfort yet they're thin enough to let you get an accurate pulse; plus micro texture gives you a better grip. Other features include ambidextrous fit, non-sterile and your choice of lightly powdered or powder free. Sold in box of 100.
