

## HighLighter™ LED Mini-Lightbar

The HighLighter™ LED mini-lightbar is a low profile, modular design of the industry leading HighLighter™ mini-lightbar. The HighLighter™ LED combines the high-performance ROC (Reliable Onboard Circuitry™) with the high-efficiency Solaris™ reflector design. This innovative concept offers uniform 360° light distribution, which means no dark spots or shadows.

Split LED

- ▶ Incorporates ROC™ LED technology
- ▶ Magna Select™ allows the user to easily switch flash patterns using a magnet (patent pending)
- ▶ More than twenty user-selectable flash patterns
- ▶ Synchronize or alternately flash with multiple HighLighter™ LED units or a variety of other LED light heads
- ▶ Perfect in areas with "No Idle" policies
