

Threaded Fitting Holders

Adjusts from 4" to 6"

The unique spring-loaded, capturing-knob design eliminates specialized thread requirements. And because fittings snap on and off, long-handled fittings no longer require extra mounting space for turning. Each holder features selectable positioning of the capturing knobs to accommodate any size fittings in the 4" to 6" diameter range. Multiple-Size Fitting Holders mount quickly to either vertical or horizontal surfaces, interior or exterior. Two flathead screws are all that is required. The non-corroding, powder-coated aluminum base needs no maintenance, and the capturing knobs are made of a special durable plastic that will not swell or crack. Thirty pound spring tensioning holds fittings securely while allowing fast on/off action. Features stainless steel hardware.

Storz Fitting Holders

For 4" and 5" Storz

Simplicity and practicality highlight the new line of 1/4 turn fitting holders. The unique self-locking feature easily mounts 4" and 5" Storz couplings and adapters. Simply drop the fitting in the slots, pull down and it's locked in place. To release, just lift up - nothing to turn, spin or unscrew. The non-corroding, powder-coated aluminum base needs no maintenance. Two flat-head screws are all that is required for mounting.
