

L1 RIT Bag - Light Years Ahead

Light, fast, and incredibly tough bag. The bottom features a layer of our unique Heat-Shield™ composite material which allows the bag to glide over the roughest surfaces and still take the heat. Innovative access-hatch design lets you get to the spare face piece and valve set faster than any other design on the market. With our new Quick-Draw design, you won't have to waste precious time searching for the transfill hose. When you open the transfill pocket, the end of the hose is pulled out and ready to grab.

- ▶ Designed to hold all makes of masks and bottles
- ▶ Quick-Draw transfill hose pocket
- ▶ 2 air hose pockets allow you to have a trans-fill and face piece pre-connected to air bottle
- ▶ 2 tool pockets provide fast access
- ▶ Daisy chain provides secure place to attach gear
- ▶ Re-positionable 60" shoulder strap
- ▶ Heat-Shield™ skid plate covers bottom
- ▶ Materials: 1000D Cordura®, Heat Shield™
- ▶ Color: Hi-Viz Yellow

All Hands High Rise Pack

This sturdy vinyl High Rise Pack will hold up to 150 ft. of 1¾" double jacket hose. Front storage pocket with Velcro® closure is great for carrying valves, adapters or tools. Rubber grip carrying handles and shoulder harness included. Reflective trim on two sides for easy visibility. Bag measures 33"Lx12"Wx12"H". Available with soft or rigid bottom. Ship wt. 10 lbs.

Specify color: Red or Black

AZ484 High Rise Bag with Rigid Bottom \$219.95

AZ485 High Rise Bag with Soft Bottom \$186.95

RIT Bag

The RIT TEAM Multi Tool Transport is 33"x12"x12" rigid bottom with rails. There are three mini pockets on the inside with a large zippered pocket on the outside. This bag features grab handles in the center, two grab handles on the ends for two men, and a shoulder strap. It features an open top with two safety straps that have attachment points for strobes or other items. Bag can hold up to 100 lbs. Ship. wt. 12 lbs.

BB063 RIT TEAM Multi Tool Transport Bag \$206.95

Can Harness

The latest in Extinguisher (Can) Harnesses, held in place by two 3" Velcro® straps, has a holding power of 2700 lbs. A safety strap with a "D" ring goes through the hanging bracket on all cans. If for some reason the holding straps are torn, the safety straps will keep the can from falling out. The Can Harness can be carried over the shoulder or horizontally with your hand. This harness is also great for carrying large, spare SCBA cylinders when entering high rises or on your F.A.S.T. team assignments. Ship wt. 1 lb.

AZ113 Can Harness \$39.95
