

Hellfire™ Insulated Boots

Hellfire series provides superior protection for structural fire fighting. Ship. wt. 6 lbs.

- ▶ **Unique one-piece liner construction** - Utilizes Dupont's™ premier Kevlar® knit fabric. The one piece liner eliminates overlapping seams that trap moisture and channel burning steam.
- ▶ **Oversized steel toe cap** - Allows generous layers of insulating materials to fit inside the toe cap to reduce conductive heat.
- ▶ **Strategic placement of steel midsole blocks heat as well as punctures** - Separation from the foot via midsole insulation reduces temperature penetration.
- ▶ **Cushion shin guard with rug-gripping texture** - Dual-purpose design is textured for stability and cushioned for comfort.
- ▶ **High-temperature resisting reflective patches** - Vulcanized patches retain full brightness and reflectivity over time, even at high temperatures.
- ▶ **Polyurethane removable insole** - Provides athletic shoe comfort and additional thermal protection.

Specify width: *M, W, XW* Specify size: *7-14, 15*

BB009	Felt Lined Hellfire™ White Lug Sole	\$88.95
AZ248	Light Insulated Hellfire™ Calendered Sole	\$115.95
AZ250	Insulated Hellfire™ Lug Sole	\$116.95

HazMat/Structural Boots

Weight and Fit Equal to that of Leather Bunker Boots

- ▶ **Multiple layers of flame-suppressing materials** - Protects and insulates the wearer.
- ▶ **Multi-layer/diverse types of rubber** - Each layer protects with different chemical resisting properties with improved electrical hazard protection.
- ▶ **Technologically advanced polyurethane/rubber lug sole** - Super abrasion and slip resisting, improved traction in all weather conditions.
- ▶ **Oversize steel cap and insulated midsole** - Superior foot comfort
- ▶ **High-temperature resisting reflective patches** - Vulcanized patches preserve full brightness and reflectivity over time.
- ▶ **Lightweight cushioned design** - More comfort, less fatigue.
- ▶ **Unique, durable "Flat Tacked" pull straps** - Designed not to rub against the calf.

Specify width: *M, W, XW* Specify size: *5-15*

BC011	HazMat/Structural Boots	\$159.95

BC011

Aluminized Rubber Boots

ARFF boots reflect radiant heat, keep feet safer, cooler, and more comfortable. Increased protection in proximity fire and rescue. Ship. wt. 25 lbs.

- ▶ **Nomex® Linings** create durable heat and penetration barriers inside this rugged, reinforced fireboot
- ▶ **Night Sight** ultra-high reflection safety stripes from 3M® shine in low light conditions. Extra layers in heel and toe increase durability, support and protection
- ▶ **Vibram® Lug Outsoles** provide a stable base for balance and traction
- ▶ **Flex Shield** stainless steel midsole meets NFPA, ANSI, OSHA, CAL-OSHA, and CSA standards for sole puncture resistance
- ▶ **Safe-Toe®** steel toe cap
- ▶ **Kevlar®/Nomex®** lining
