## A. Quic-Bar® Forcible Entry Tool

It's the best tool for speedy emergency entry and quick ventilation. The one-piece forged construction gives you maximum strength and power when you need it. Forged from high-strength alloy steel providing high-tensile strength, hardness and resilience. The tapered pike is ideal for forcing padlocks or driving into material to facilitate prying. Greater width and curvature on the wedge and draw ends provide powerful leverage for prying operations. Pry and wedge ends are narrower than other tools on the market for faster, easier penetration. *Ship. wt. 10 lbs.*

▶ Gas shut-off

▶ Built-in "A" type lock cylinder puller

M742	Super Quic-Bar®, 30"	\$329.95
BD082	3-Piece Quic-Bar®, 24"	\$175.95

### Mounting Brackets

M743	Mounting Bracket for 30" or Larger Tools	\$44.95
AJ458	Mounting Bracket for 12" to 20" Tools	\$46.95

## B. Zak Entry Tool

Exceeds the capabilities of similar tools with a federally approved hammerhead design. Made of lightweight, heat-treated aircraft stainless steel. The 1 1/4" steel tube design will bend but not snap if excessive force is put on it. *Full lifetime guarantee. Ship. wt. 3 lbs.*

**Specify Color: Orange or Black**

AR330	Entry Tool Kit, 30"	\$192.95
AR331	Entry Tool Kit, 36"	\$199.95
AR332	Entry Tool Kit, 42"	\$213.95

## C. 30" Pro Bar

A Halligan-type forcible entry tool. One-piece construction of aircraft alloy steel, drop forged. The fork, adz and point are designed with the correct lengths, widths and tapers to enable easy penetration and maximum leverage. Length: 30". *Ship. wt. 10 lbs.*

**Specify finish: Black or Silver**

Z150	30" Pro-Bar	\$228.95

## D. New York Roof Hook

The Roof and Griff Hook were developed with the cooperation of the New York City Fire Department's research and development division. Our all-purpose head, aircraft steel shaft, chisel end and Celtex grips make up the unit. The chisel end is used as a prying tool for scuttle hatches and roof doors. The short lengths are for going up fire escapes and scuttles to the roof. Accept only aircraft steel for a lightweight but strong tool. *Ship. wt. 7 lbs.*
