

Darley Skid/Trailer Mounted Pumps

Darley skid-mounted and trailer-mounted pumps offer versatile pumping protection ranging from a basic pump end through a fully engineered turn-key system. A wide variety of pump and engine combinations are available. Though all units come standard with an engine control panel with throttle making the unit operable, Darley® can provide units with custom pump control panels including traditional master gauges and relief valve or with Darley® ergonomic Auto Control Governor.

Pump Performance: Ratings from 250 gpm through 1500 gpm UL

Pump Models: HE 500, KSE 750, LSE 1000, PSE 1000-1500
