

Smoke Escape Hood

The Smoke Hood is a lightweight, portable, easy-to-don hood designed for self-rescue in the event of a fire. It protects the wearer for a minimum of 15 minutes from smoke, carbon monoxide and toxic gases normally present during a fire. It is an ideal personal escape device which can be used in emergency situations occurring in homes, office or apartment buildings, schools, hospitals, plant facilities and hotels. *Ship. wt. 2 lbs.*

AS651 Smoke Escape Hood \$149.95

Smoke Detector

Uses ionization principle to detect invisible products of combustion. Can sense fire well in advance of either heat or heavy smoke, yet will not sound the alarm in a room full of heavy smokers. Also detects toxic gases. Features a test button that shows if a circuit is in proper operating order. *Meets all UL 217 requirements. 9-volt battery included. Ship. wt. 3 lbs.*

- ▶ Highly sensitive
- ▶ Battery operated
- ▶ UL Listed

R580 Smoke Detector \$10.95

Emergency Escape Ladder

Here's economical fire protection for every home. Makes almost any window an instant fire escape. Just hang brackets over window sill, toss out ladder and climb down. Sturdy hooks slip over most window sills. All-steel, tangle-free construction with rungs, which means the Life Ladder is always ready; nothing to rot or warp. Bottom rung is painted red for faster locating. Adjustable 6⁵/₈" standoffs keep the ladder away from walls to allow plenty of room and reduce chances of slipping. *Ship. wt. 23 lbs.*

13' or 25'

A must for every home

AR336 13' Life Ladder \$58.95
P844 25' Life Ladder \$84.95

Smoke Detector Tester

Provides a safe, convenient, timesaving way to perform a true functional test of smoke detectors without the need for ladders. A simple one or two-second spray from 2' to 4' away will set off the alarm on a properly functioning smoke detector. *Ship. wt. 1 lb.*

W726 Smoke Detector Tester \$9.95

Tester Extensions

Head Tube Extension is 30" long with canister holder and trigger device. For more reach get the 59" Extension Arm which fits into the bottom of the Head Tube Extension. *Ship. wt. 4 lbs.*

X480 30" Head Tube Extension \$156.95
X479 59" Extension Arm \$156.95

Carbon Monoxide Alarms

120V Plug-In

Samples the air once every second for carbon monoxide. The alarms exclusive COtran[®] sensing system is individually calibrated at four CO levels for greater accuracy. Flashing red light and 85db horn will sound full-alarm before CO reaches dangerous levels. Includes silence button, power indicator, service indicator and alarm status indicator. *Ship. wt. 2 lbs.*

AR100 120V Plug-In CO Alarm \$49.95

Attic Nozzle Kit

Designed to be used as a large, portable sprinkler system for use in attic areas of residential buildings designed to deploy by extending two nozzles equally from the peak of the roof (note hose is marked in the middle). Nozzles can be driven through the roof with a sledge hammer or by creating a small hole with a fire axe, chain saw, or other cutting equipment to gain entry. You can daisy chain them together for more coverage or add a hand line on the end. *Ship. wt. 75 lbs.*

AW035 Attic Nozzle Kit with Hose/Valve \$1,950.95
AW036 Attic Nozzle Kit with Hose Section \$1,807.95
