

## Volt Master America Generator

The **AZ444** and **AZ445** fit into the same frame and the cost of these 2 units is very close. The **AZ446** is the most popular of all of our diesel units. All of these Lombardini diesel units have a fuel pump that will lift fuel over 3 feet and could be connected to the main fuel tank of a vehicle and are electric start. The advantage of the diesel units is that they will outlast gasoline powered units by at least 3x. The **AZ444** and **AZ445** have an auxiliary 12-volt DC battery charging circuit, volt meter, elapsed time hour meter, OSHA approved ground fault 120 volt receptacles, twist lock 120 and 240 volt receptacles, circuit breaker for each receptacle, full power switching at 120 volts, low oil engine shut downs and heavy-duty frames.

- ▶ Long life diesel engine with low oil shut down
- ▶ Hour meter for maintenance scheduling
- ▶ OSHA approved ground fault receptacles
- ▶ Volt Meter
- ▶ Limited 2-year engine/generator warranty

## NOVA-LITE

A near perfect combination of power and portability, the NOVA-LITE features a dependable Honda EB-3000 generator with GFCI and a run time of 6 to 9 hours, all with power to spare. This super-quiet power plant is rack mounted on a custom built handcart for easy and fast portability. Two 500W Quartz Halogen Tele-Lites® are mounted on rugged telescoping supports making them instantly ready for use. Raise them up to 82" from the ground, rotate and angle them to get light exactly where you need it. Two more 500W Quartz Halogen Tele-Lites® are rack mounted on the back side of the cart. That makes a total of 2000 watts of brilliant quartz halogen lighting right where you need it. At only 140 lbs., the NOVA-LITE is easy to maneuver with its rugged off-set stainless steel handle. The NOVA-LITE. Put it on your team and win against the darkness.
