

SuperStatic™ and HTP™ Static Rope

Sterling Rope revolutionized the production of static rope with the creation of its SuperStatic™ Rope, the original 48 carrier static rope (1/2" and 7/16"). The smoother sheath finish reduces vibration, allowing for more control during lowering and extrication procedures. All Sterling Ropes feature DryCore™ construction which keeps ropes dry, supple, and strong. In addition, HTP™ (High Tenacity Polyester) has a very low elongation of less than 1% stretch per 300 lb. load. It provides greater resistance from UV and certain chemicals, and has the highest tensile strengths for their size. SuperStatic™ and HTP™ Static certified to NFPA 1983, 2006 edition by UL. Available in Blue w/Tracer, Yellow w/Tracer, White w/Tracer, and Red w/Tracer.

3/8" (9.5-10mm) SuperStatic™/HTP™ Static

Single person rescue/rappel rope. Ideal for anchors, low stretch rescue, rappelling and confined space operations. Great for SAR teams, fire and police departments, and rescue squads. *Specify length and color combination.*

Cat#	Description	Tensile	Price
AW404	SuperStatic™ Nylon 150'	5,396 lbs.	\$134.95
AW405	SuperStatic™ Nylon 200'	5,396 lbs.	\$154.95
AW406	SuperStatic™ Nylon 300'	5,396 lbs.	\$230.95
AW407	HTP™ Static 150'	5,981 lbs.	\$122.95
AW408	HTP™ Static 200'	5,981 lbs.	\$162.95
AW409	HTP™ Static 300'	5,981 lbs.	\$244.95

1/2" (13mm) SuperStatic™/HTP™ Static

General use rescue rope. Used in mainline rescue and belay line systems. Suitable for low stretch/high strength rescue, low and steep slope rescue, high angle safety work, window washing, industrial safety and confined space operations. *Specify length and color combination.*

Cat#	Description	Tensile	Price
AW392	SuperStatic™ Nylon 150'	9,241 lbs.	\$154.95
AW393	SuperStatic™ Nylon 200'	9,241 lbs.	\$201.95
AW394	SuperStatic™ Nylon 300'	9,241 lbs.	\$307.95
AW395	HTP™ Static 150'	9,084 lbs.	\$152.95
AW396	HTP™ Static 200'	9,084 lbs.	\$197.95
AW397	HTP™ Static 300'	9,084 lbs.	\$304.95

7/16" (11-11.5mm) SuperStatic™/HTP™ Static

Single-person rescue/rappel rope. Ideal as a one-man assault line. Great for police and security tactical teams, military operations, wilderness rescue, window washing and rappelling. *Specify length and color combination.*

Cat#	Description	Tensile	Price
AW398	SuperStatic™ Nylon 150'	6,744 lbs.	\$130.95
AW399	SuperStatic™ Nylon 200'	6,744 lbs.	\$175.95
AW400	SuperStatic™ Nylon 300'	6,744 lbs.	\$255.95
AW401	HTP™ Static 150'	7,667 lbs.	\$130.95
AW402	HTP™ Static 200'	7,667 lbs.	\$173.95
AW403	HTP™ Static 300'	7,667 lbs.	\$265.95

5/8" (15.5-16mm) SuperStatic™/HTP™ Static

Super heavy-duty rope with a soft hand. Great for tower construction, industrial work, and other high-strength applications. *Specify length and color combination.*

Cat#	Description	Tensile	Price
BE001	SuperStatic™ Nylon 150'	10,701 lbs.	\$181.95
BE002	SuperStatic™ Nylon 200'	10,701 lbs.	\$239.95
BE003	SuperStatic™ Nylon 300'	10,701 lbs.	\$360.95
BE004	HTP™ Static 150'	11,962 lbs.	\$181.95
BE005	HTP™ Static 200'	11,962 lbs.	\$262.95
BE006	HTP™ Static 300'	11,962 lbs.	\$396.95

Utility Rope

Sterling's economy utility rope is perfect for many non-lifesafety applications such as hauling tools and equipment, lashing gear, etc. It is easy to tie knots with and is not too stretchy. White with tracers. Not for rappelling or life safety use.

Cat#	Description	Tensile	300'	600'
BE007	3/8" (10mm) Utility Rope	2,200 lbs.	\$168.95	\$334.95
BE008	1/2" (13mm) Utility Rope	5,000 lbs.	\$223.95	\$448.95

1/2" (12.7mm) Safety Glow Rope

Two-person rescue rope with reflective yarns makes it highly visible in low light to dark situations. Suitable for confined space rescue, caving, night rescues, and industrial safety applications.

Cat#	Description	Tensile	150'	200'	300'
BE010	1/2" 12.7mm Rope	9,500 lbs.	\$150.95	\$199.95	\$302.95

Prusik Cords

Prusik cords serve many functional purposes in the field and are a must have for technical rescue teams. They are extremely versatile in tandem prusik belays, load release devices, as ratchets in pulley systems, and anchor systems. Sterling Rope's prusik cords are made of 100% nylon and have a construction that gives great durability, suppleness and handling.

Specify color: Green/Purple/Black, Orange/Yellow, Red/Blue/Black

Cat#	Description	Tensile	150'	200'	300'
AW412	7mm Cord	2,878 lbs.	\$59.95	\$81.95	\$122.95
AW413	8mm Cord	3,754 lbs.	\$75.95	\$100.95	\$148.95

Tubular Webbing

1" Mil-Spec webbing is a must have for rescue personnel. It can be used for building anchors, making improvised harnesses, lashing litters, and many other uses. Mil-Spec webbing is rated to 4,000 lbs.

Cat#	Description	Price
AW411	1"x300' Tubular Webbing	\$98.95
