GLOW STICKS

NEW

GLOW STICKS

Our **NEW** Emergency Glow Sticks have dozens of uses. Bright and long lasting, keep them on hand for highway emergencies and blackout situations, or for personal safety. Bend the glow stick just

enough to break the internal glass ampule and then shake to mix chemicals. Available in Yellow or Pink glowing colors.

GLOW STICKS CAN BE CUSTOMIZED WITH A COMPANY LOGO OR SAFETY SLOGAN – CALL FOR PRICING

Cat. #	Size	Duration

GST-6	6" Glow Stick	12 hrs.
GST-12	12" Glow Stick	8 hrs.

GLO BRITE® EXIT SIGN

GL7011-B

GLO BRITE® EXIT SIGNS

Our Glow Brite® Exit Signs are the latest innovation in exit sign technology. Designed to glow in total darkness, these non-electric, non-radioactive photoluminescent signs absorb and store energy from ambient fluorescent light, providing unsurpassed reliability in blackout or smoke-filled conditions. These single-face signs are made of .035 steel with a plastic photoluminescent panel. Pop-out chevron arrows allow for easy direction selection, and the high visibility green color can be seen from as far away as 50 feet. Signs can be surface, flag or ceiling mounted. All hardware is included – no batteries or wiring required! **Signs are listed to the UL 924 standard and meet NFPA Life Safety Code 101 and OSHA requirements.**

Size: 8" x 15" x 1/4".

Color: Red (Black & Green available as a special order.)
