## Power Move Masters

Power Move Masters are compact in size and easy to use. They are highly maneuverable, making them ideal for turning in tight spaces (not recommended for use on an incline or slope). DC powered for smooth, quiet operation with variable speed control for generous low speed torque and precise positioning. Built in battery charger for quick recovery. Most models feature robust hydraulics to ensure superb push or pull traction. In addition, their ergonomic design provides stability and simple control. A variety of hitch attachments along with other options are available, contact factory. The tire size is 9 1/2" x 18".

| MODEL NUMBER | OVERALL (W x L x H) | TONGUE-WEIGHT LOAD FROM LIFT (LBS.) | MAXIMUM PULL WEIGHT (LBS.) | NET WT. (POUNDS) |
