

MOTORSPORT

Intercom systems

Every Rallying World Championship has been won by drivers using Peltor products!

The world's leading motorsport teams have been using Peltor Intercom systems for over 20 years. This experience has given us the opportunity to design the ultimate in rally intercom systems. This durable, high fidelity system produces the best sound quality even in the most punishing of environments.

FMT200 Deluxe Race & Rally Intercom Amplifier

- ☆ Provides full DUPLEX intercom communication
- ☆ Radio or cell phone transmit and receive inputs are standard
- ☆ Pilot and co-pilot individual volume adjustment
- ☆ Vox sensitivity adjustment
- ☆ Operates on a 9V battery or vehicle power
- ☆ Rugged, watertight aluminum casing

Rally Practice Headset

- ☆ Comfortable, high noise attenuating headset (NRR 26)
- ☆ Adjustable, noise canceling microphone
- ☆ Order as MT72H79A 78-VI

FMT100 Basic 2-person amplifier

- ☆ Provides full DUPLEX communication
- ☆ Powered by 9 Volt battery or optional FC15 battery eliminator accessory (to be ordered separately)
- ☆ Combined on/off/volume control setting
- ☆ Designed with a frequency filter to optimize speech quality in high noise situations

Helmet insert kits

- ☆ Simple installation into any helmet
- ☆ Noise canceling microphone
- ☆ For full face version order as MT63 (shown here), microphone is fitted into a soft flexible housing with a 3 position setting
- ☆ For open face version order as MT632, comes complete with a boom arm extension assembly same as the ones used on the G7 helmet systems.

G90 Formula Helmet

- ☆ Comfortable, attractive design
