

Multi-Task Packaging Cart

Minimize packaging time and costs by having wrapping and strapping components organized and readily available. Designed to be the only cart you need for all your product wrapping and strapping requirements. Cart has dispensing ability for one steel and one poly strapping roll. Each strapping compartment includes a tensioner for controlled strap dispensing. Compartment doors also serve as ramps to easily roll strapping up into cart. Steel strapping compartment is 3¼" wide. Poly strapping compartment is 6¼" wide. Detachable pallet wand is included for use with poly strapping (max. 5/8" wide). Simply attach strapping to the end of the wand, and then use wand to fish strapping through pallet to other side. Wand folds so it can be stored vertically in cart. The top of cart includes tray for storage of tensioners, cutters, seals, and other types of miscellaneous tools. Cart is portable with (2) rigid and (2) swivel 4" x 1¼" poly-on-poly wheels and push handle. Steel construction with powder coat finish.

SCALE HEAD SHOWN WITH PRINTER model PM-2748-SCL-LP-PT

Pallet Trucks with Digital Scale

The Pallet Truck with Digital Scale allows you to weigh your load on the spot for maximum efficiency. The frame uses heavy-duty steel construction for maximum strength and durability. This model is very user friendly and is suitable for low height lifting. The built in scale allows you to weigh your load as you are handling it. The scale is selectable in a variety of increments to adjust to the size of your load. It has keyboard calibration and functional setup with automatic zero capabilities. Digital filtering is used to help compensate for vibration and motion to make the Pallet Truck with Digital Scale smooth and accurate. Forks are 7" wide each. Factory calibrated for shipping destination.

MODEL NUMBER	CAPACITY (POUNDS)	OVERALL FORK DIMENSIONS	FORK SERVICE RANGE	NET WT. (POUNDS)
