

3M™ Abatement Respirators

Comfort & durability: the right combination for abatement

3M™ Half Facepiece Respirator 7500 Series

3M™ Cool Flow™ Exhalation Valve

- Valve design makes breathing easier, reduces heat and moisture buildup in the facepiece, and provides cool, dry comfort.

Soft Seal Design

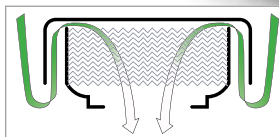

- Advanced silicone material provides a softer feel on the face.
- Unique adjustment design helps reduce tension and pressure points on the face for unsurpassed comfort.

Helps reduce ring around the nose.

3M™ Filter 7093, P100 and 3M™ Cartridge/Filter 7093C, Hydrogen Fluoride, P100

- Innovative **solid-top** air-inlet design:
 - No tape required during showering or decontamination.
 - Protects and increases the service life of the filter.
- Unique, spring-loaded filter cover design simplifies negative pressure user seal check.

Solid-top channelled-airflow design keeps debris out of airflow channel, reducing the chance of premature clogging, a common problem with grill-style filters.

3M™ Cartridge/Filter 7093C

- Recommended for relief against nuisance levels of organic vapors (OV) and acid gases (AG).*
- Improved filter technology reduces breathing resistance up to 25%.
- Lightweight and low profile to help provide good visibility.
- Technology that allows for exceptionally easy breathing.
- The cartridge/filter 7093C integrates technology to provide the protection of a cartridge for hydrogen fluoride (HF), as well as the protection of an approved P100 filter.

3M™ Advanced Particulate Filter 2297, P100

- Recommended for relief against nuisance levels of organic vapors (OV).*
- Easier breathing through new 3-layer Advanced Electret Filter Media.
- Enhanced durability with abrasion-resistant netting construction.
- Longer service life: In customer field trials, filters lasted up to twice as long.

For the Ultimate in Comfort and Protection

3M™ Powerflow™ Face-Mounted Powered Air Purifying Respirator (PAPR)

- Wide field of vision improves safety.
- Lightweight design improves comfort.
- Can be converted to a full facepiece air-purifying respirator that's ideal for mold remediation work.

ORDERING INFORMATION

Part No.	Description
16644-00000-10	Splash GoggleGear™ Medium
16645-00000-10	Splash GoggleGear™ Large
7501	Half Facepiece, Silicone, Small
7502	Half Facepiece, Silicone, Medium
7503	Half Facepiece, Silicone, Large
7093	Particulate Filter P100
7093B	Particulate Filter, P100, Bulk
7093C	Cartridge/Filter P100
2297	Particulate Filter P100

Part No.	Description
6100	Half Facepiece, Small
6200	Half Facepiece, Medium
6300	Half Facepiece, Large
6800PF	Powerflow™ Face-Mounted Powered Air Purifying Respirator, Medium
6900PF	Powerflow™ Face-Mounted Powered Air Purifying Respirator, Large
450-01-01	HEPA Filter, SP3
60921	Cartridge/Filter, Organic Vapor/P100
