Listen-only earpiece

Peltor's new HEARPLUG listen-only earpiece is designed for 2-way radio users who must have clear reception of incoming transmissions while working in high noise areas. The earpiece is so compact, versatile and easy to use that it will plug into any radio lapel speaker microphone with an audio accessory jack and be used in noisy industries such as:

- ▶ Airports
- ▶ Manufacturing
- ▶ Construction
- ▶ Racing
- ▶ Public Safety
- ▶ Forestry

- ▶ **Virtually weightless**
- ▶ **NRR 29 dB**  
*using foam disposable tips*
- ▶ **Great for use in hot & humid environments!**

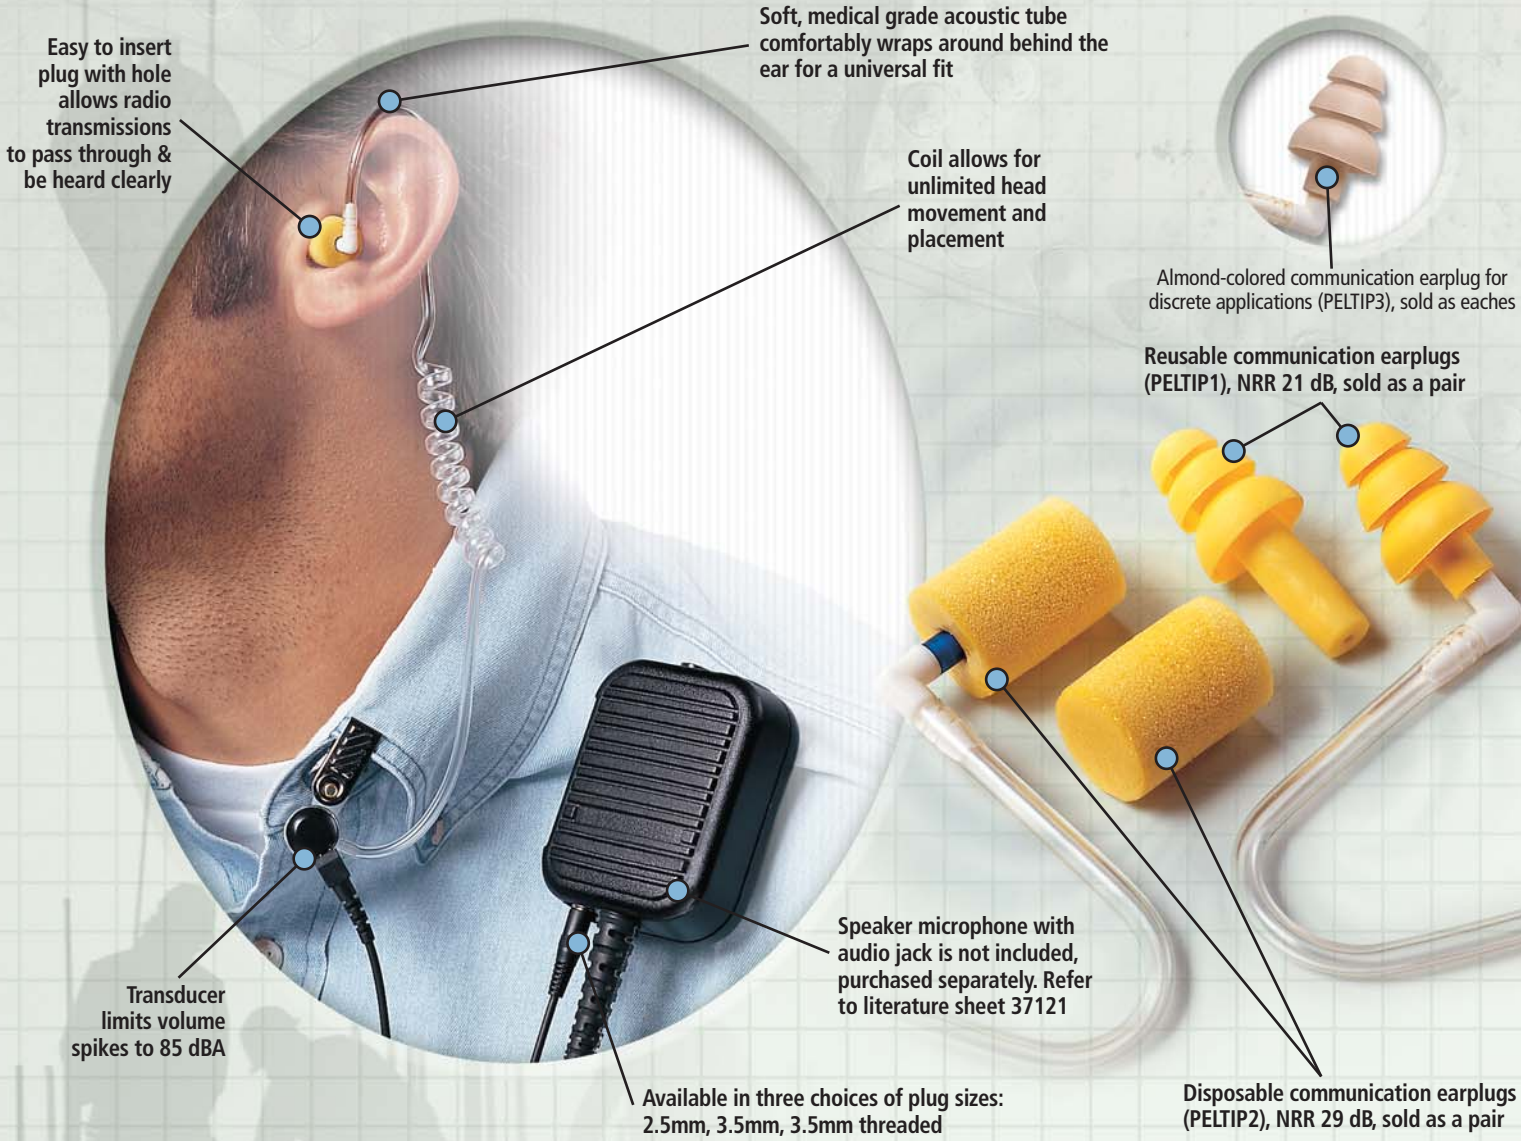

# HEARPLUGS

## LISTEN - ONLY earpiece

Peltor's latest line of HEARPLUG listen-only earpieces features the unique combination of high quality audio reception with a noise reduction rating from a NVLAP accredited lab. In addition, the HEARPLUGS earpiece increases the efficiency of radios used in high noise by not having to repeat—or worse—miss important messages due to the inability of clearly understanding what is being transmitted over the radio.

Easy to insert plug with hole allows radio transmissions to pass through & be heard clearly

Soft, medical grade acoustic tube comfortably wraps around behind the ear for a universal fit

Coil allows for unlimited head movement and placement

Almond-colored communication earplug for discrete applications (PELTIP3), sold as eaches

Reusable communication earplugs (PELTIP1), NRR 21 dB, sold as a pair

Transducer limits volume spikes to 85 dBA

Speaker microphone with audio jack is not included, purchased separately. Refer to literature sheet 37121

Available in three choices of plug sizes: 2.5mm, 3.5mm, 3.5mm threaded

Disposable communication earplugs (PELTIP2), NRR 29 dB, sold as a pair
