Lo-Profile Drum Caddies with Bung Wrench Handle

Reduce injuries caused by manually lifting and moving drums. Transport (1) 55 or 30-gallon drum or (2) 5-gallon pails with the Lo-Profile Drum Caddy. To use: align unit in front of drum, remove handle, and grip drum with the handle. Tip drum up while guiding the caddy base under the drum. Re-attach handle and transport drum to desired location. Unit rolls easily on two 6" x 2" rigid wheels and one 3" x 1" swivel caster. The removable handle doubles as a bung nut wrench and seal remover. Cradle height is 1/2". Inside cradle diameter is 23 1/2". Steel construction. Yellow painted finish.

MODEL NUMBER	STRADDLE (W x D)	CAPACITY (POUNDS)	WHEEL TYPE	NET WT. (POUNDS)

Multi-Purpose Drum & Hand Truck

Multi-purpose unit serves as a drum truck, drum cradle, and a hand truck. Extra-long handles give leverage for access to drums on pallets. Unit lies horizontally for use as a drum cradle to empty drum contents. Steel nose plate and drum tines are interchangeable. Features large 16" diameter full-pneumatic wheels for use over rough terrain. Includes built-in bung nut wrench. Ships fully assembled ready for immediate use.
