

## High End Platform Truck

This 1,300 pound capacity truck turns conveniently on (2) 8" mold-on-rubber center wheels and is stabilized by (4) 4" poly swivel casters. The combined (6) caster design and narrow platform allows the operator to maneuver through doorways and aisles. Ideal for transporting and stocking small packages in warehouses, shopping malls, grocery stores, post offices, and schools. Steel platform construction with steel uprights. Ships knockdown. Powder coat finish.

MODEL NUMBER	PLATFORM SIZE (W x L)	OVERALL HEIGHT	CAPACITY (POUNDS)	CASTER TYPE	NET WT. (LBS.)

## Multi-Tier Stock Carts

This unique cart makes it easy to organize and reach parts. Tilting shelves allow easy access to baskets. Ideal for stocking parts in work stations. Casters allow the parts to be moved to wherever they are needed. Shelves will tilt between 0° and 45°. Shelf angle is locked with a hand operated friction lock screw. Bottom shelf includes a 2" high lip on all four sides. Middle and top shelves include a 1½"H lip on all four sides. Bottom shelf height is 5½". Middle shelf height is 33". Top shelf height is 56¼". Overall cart size (not including baskets) is 18¼"W x 27½"L x 60"H (35"H for two-shelf models). Rolls smoothly on two rigid and two swivel 4" x 2" casters. Steel construction. Powder coat finish.
