

FAST CHARGE SOLUTIONS THAT WORK!

FASTware PDA™ EXCEPTION REPORTING SOFTWARE

FEATURES

BENEFITS

Exception reporting

Automatically highlights operating issues with battery and charger. Review fast charge fleet performance without sifting through raw data.

Wireless download

Access data from any Express charger with a Bluetooth®-enabled Pocket PC.

Easy to use software

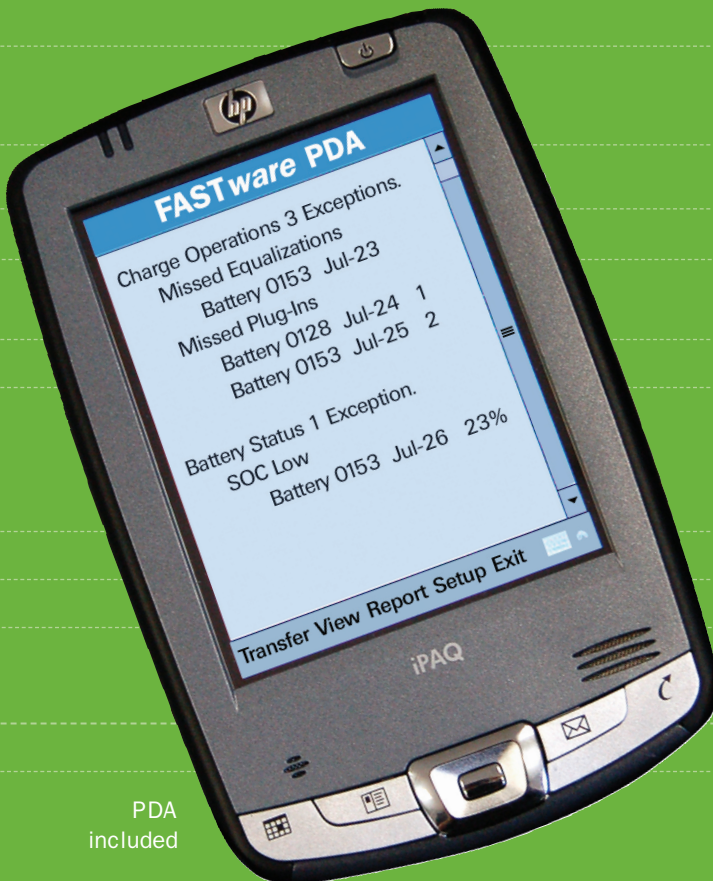

Download and view exception reports in minutes.

Key parameter monitoring

Battery temperature, time on charge, number of plug-ins, state of charge, ampere hour throughput, finish and equalization charges.

Actionable Information

Knowledge of missed charges allows management to intervene to ensure that energy is always available to their industrial vehicles from one battery—thus maximizing vehicle performance.

PDA included

FAST All Express chargers have wireless chips
CHARGE for easy data transmission to multiple platforms.
SOLUTIONS FASTware is fleet management software for
THAT PDAs, PCs or networks. Pick the right FASTware
WORK! data product to maximize your fast charge savings!

FASTware PDA™ EXCEPTION REPORTING SOFTWARE
