

**MT105-107**

6x2, 4x4, 2x6 Sync Matrix Switcher

**Common features:**

- BNC input/output
- User configurable matrix size
- 2x6, 3x5, 4x4, 5x3, 6x2 matrix
- TTL sync compatible
- Designed for computer sync signals
- Analog/TTL level sync

*Uses 1 slot in MT enclosure***MT105-108**

6x2, 4x4, 2x6 VGA-UXGA Matrix Switcher

**Common features:**

- VGA through UXGA signal format
- User configurable matrix size
- 2x6, 3x5, 4x4, 5x3, 6x2 matrix
- Power LED status
- Plug and Play compatible
- DC coupled
- Output ON/OFF control

*Uses 2 slots in MT enclosure***MT105-109**

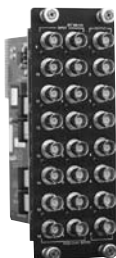

6x2, 4x4, 2x6 S-Video Matrix Switcher

**Common features:**

- 4pin Mini-Din input/output
- User configurable matrix size
- 2x6, 3x5, 4x4, 5x3, 6x2 matrix
- NTSC/PAL/SECAM compatible
- Full bandwidth for signal integrity
- Output ON/OFF control

*Uses 1 slot in MT enclosure***MT105-110**

16x8 Sync Matrix Switcher

**Common features:**

- BNC input/output
- TTL sync compatible
- Easy to control
- Long cable drive
- Analog/TTL level
- Output ON/OFF control

*Uses 3 slots in MT enclosure*
