

## **AVerTV DVI Box 7** - TVBox (M099) **Turn your LCD Monitor into a LCD TV!**

The AVerTV DVI Box 7 is a stand alone (No Software Required) TVBox that is legendary for it's slim profile and performance. With only a LCD, CRT or Plasma monitor, the AVerTV DVI Box 7 is designed to receive high definition analog (NTSC) TV viewing Over-the-Air or through a standard TV coax cable. This TVBox tuner will enhance the way you watch and enjoy multimedia entertainment, providing the complete TV tuner solution for tuning any LCD, CRT, Plasma monitor or projector into a TV and more!

What separates it from the rest? Besides resurrecting your LCD, CRT or Plasma monitor, it will transform your multimedia projector into a Television, as well as a plug-n-play multimedia entertainment hub. By combining multiple entertainment devices such as; Camcorders, DVD players and game consoles, users will experience larger than life versatility with their multimedia entertainment, in one centralized location. The included full function remote control allows users to easily switch between their TV, PC and other audio video inputs, which makes the AVerTV DVI Box 7 great for the home, classroom or the corporate environment.

### Functions and Features

#### Transparent PIP

- This function enables you to work on your PC and watch TV at the same time, providing more convenience to watch TV without interrupting your work!
- You can choose the window size from 1/4, 1/9 or 1/16 on your TV screen while working on your PC! Also, the user can see through the PIP, not to cover work on the desktop.

#### Progressive Scan, Color/Edge Enhancement Technique and 3D-Motion Adaptive De-interlace

- Decreases flicker to deliver a sharper, clearer picture
- Increase degree of vividness on image
- Advanced 3D-Motion Adaptive De-interlace eliminates jagged edges on TV and DVD movies to improve the clarity and sharpness of the overall image

\* AVerTV DVI Box 7 functions only with the TV system of the country it is manufactured for and originally distributed in.

#### Consumer Alert:

This television receiver has only an analog broadcast tuner and will require a converter box after February 17, 2009, to receive over-the-air broadcasts with an antenna because of the Nation's transition to digital broadcasting. Analog-only TVs should continue to work as before with cable and satellite TV services, gaming consoles, VCRs, DVD players, and similar products. For more information, call the Federal Communications Commission at 1-888-225-5322 (TTY: 1-888-835-5322) or visit the Commission's digital television website at: [www.dtv.gov](http://www.dtv.gov).

#### AVerMedia's Quality Insistence

AVerMedia's products are not only committed to RoHS/WEEE Directives, but conduct EMI and safety countermeasures to ensure consumers' health and environment protection. All products are available with lead-free finishes and flame retardant.
