EverNew LT in greystone

CELLULAR PVC DECKING WITH LUMENITE

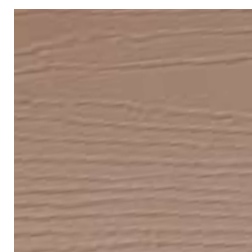

EverNew® LT Decking's unique material composition provides performance benefits that go far beyond wood, and surpass those of other composite materials. It's the perfect complement to an easy lifestyle – and a choice you'll appreciate every time you step onto your deck, and into the great outdoors.

- ◆ Available in: 12', 16' and 20' lengths
- ◆ Ultra-low-maintenance performance superior to any PVC decking in the marketplace
- ◆ Unique, patent-pending Lumenite™ surface provides unequalled stain, fade and chalk resistance
- ◆ Non-organic surfaces are highly mold resistant
- ◆ Infrared heat-reflective surface is cooler underfoot
- ◆ Easy to clean
- ◆ Lightweight for easier handling and installation
- ◆ Class A fire rated for flame spread
- ◆ Available in four rich colors
- ◆ Optional patent-pending Deck Pilot™ tool available for installing hidden fastener system
- ◆ Lifetime Limited Performance Warranty including the industry's only 20-year Stain and Fade Warranty

EverNew® LT Decking with Lumenite™ Technology by Fiberon®

EverNew® LT Decking's solid-core, cellular PVC can take whatever your life dishes out. This new breed of building material stands up to kids, families, pets, blazing sun, harsh weather – and the spills, thrills, wear and tear that come with them.

Lumenite is a patent-pending innovation from Fiberon that gives EverNew® LT Decking unsurpassed performance capabilities. An engineered, fusion-bonded surface technology, Lumenite provides the ultimate in stain, fade and mold resistance.

Stain and Fade Warranty

EverNew® LT Decking is not affected by wine, tea, coffee, catsup, barbecue sauces, mustard and the many other drips and spills of outdoor dining. And, extensive testing proves that EverNew® LT colors will stay true even after twenty years of exposure to the sun and elements.

EverNew® LT deck boards and fascia

	Actual Width	Actual Thickness	Available Lengths
5/4x6 Deck boards	5½"	1"	12', 16', 20'
Fascia	11¾"	½"	12'

Easy, Accurate Installation

EverNew LT installs without pre-drilling and won't mushroom like wood. It can be fastened to a pressure-treated wood substructure and is lighter in weight than other composite decking materials so it's more installer-friendly.

Optional Hidden Fastener System

For the ultimate in a smooth, clean appearance, EverNew® LT Decking can be installed using a system that "hides" the fasteners. The key to this system is the Deck Pilot™.

EverNew® PT

PRODUCT

EverNew PT in ipe tropics

COMPOSITE DECKING WITH PERMATECH™

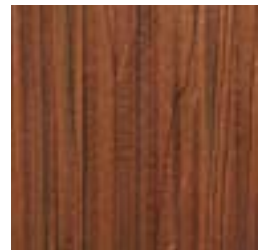

EverNew® PT decking with PermaTech™ technology. The surface technology delivers a wide range of colors ranging from solid colors with natural looking, wood grain embossed patterns to tropical colors with exotic hardwood tones and grain patterns. Now homeowners get the best of both worlds.

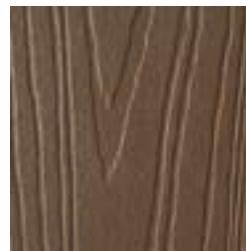

- ◆ Available in: 5/4 x 6 boards in 12', 16' and 20' lengths
- ◆ Innovative inorganic PermaTech™ surface encapsulates the wood plastic composite core – providing stain, fade, and scratch resistance
- ◆ Ultra-low maintenance – easy to clean
- ◆ Reversible boards with four distinct, complementary grain patterns
- ◆ Rich, deep color palette
- ◆ Resistant to termites, splinters, and decay
- ◆ Recycled content creates sustainability
- ◆ Fiberon® Hidden Fastener system also available
- ◆ 20 year performance warranty including the industry's only 20-year stain and fade warranty

Revolutionary, stunning,
lasting satisfaction

EverNew® PT Decking with PermaTech™ Innovation by Fiberon

EverNew® PT Decking's solid-core, wood plastic composite is designed for strength, durability, and rigidity. The inorganic, patent-pending PermaTech™ technology by Fiberon provides a resistant surface material and superior stain, fade and mold resistance. Tested to withstand the unexpected, nothing defies the elements quite like EverNew® PT Decking with PermaTech Innovation.

Stain and Fade Warranty

EverNew® PT Decking is not affected by wine, tea, coffee, catsup, barbecue sauces, mustard and the many other drips and spills of outdoor dining. And the industry-leading color retention is unmatched by any other product.

by **fiberon**

EverNew® PT deck boards and fascia

	Actual Width	Actual Thickness	Available Lengths
5/4x6 Deck boards (grooved)	5.4"	.935"	12', 16', 20'
5/4x6 Deck boards (square edge)	5.4"	.935"	20'
Fascia	11¾"	½"	12'

Fastening

EverNew PT decking requires two fasteners at each end but only one fastener per joist. For the professional deck builder – this installation efficiency results in a 40% reduction in fasteners and a 30% reduction in labor. Since EverNew PT decking is grained on both sides, two usable faces are available. This reversible board option may reduce waste by 15%.

Optional Hidden Fastener System

The use of the Fiberon® Hidden Fastener System is highly recommended with EverNew® PT grooved decking to create a smooth, unblemished decking surface.
