

ARDEX SD-L Self-Drying, Self-Leveling Underlayment Concrete

A flat, hard and durable concrete underlayment that is ready to receive floor covering in just 3 hours!

Product Capabilities:

Using the most innovative Engineered Cement ® chemistry in the world, ARDEX SD-L combines the Self-Leveling properties of time-proven ARDEX K 15 ® with Self-Drying Technology.

ARDEX SD-L is a no-troweling underlayment that is ready to receive a wide variety of floor coverings in just 3 hours! The result is a flat, hard, durable concrete underlayment that can receive floor covering later the same day.

Benefits:

- Install floor covering in three hours
- Economical
- Mixes with water only
- Portland cement-based
- No troweling
- Up to 1/2" deep in a single pour
- Can be readily installed to achieve 1/8" in 10 ft. tolerance
- No sanding or grinding
- Walkable after 1 to 2 hours
- Compatible with flooring adhesives
