

## **ARDEX Flex Unsanded™ Grout**

For the grouting of (indoors or out): ceramic, porcelain, and quarry tile, glass and porcelain mosaics, and natural stone tiles and slabs (with the exception of moisture-sensitive stone).

### **Product Capabilities:**

Portland cement-based grout modified with powdered polymers providing a smooth finish for floor and wall tile joints up to 3/16" wide. ARDEX FLEX UNSANDED GROUT is stain-resistant and water repellent, with excellent flexibility and high bonding power. ARDEX FLEX UNSANDED GROUT is especially suited for use in damp and wet areas such as bathrooms and showers. Its high degree of water repellency offers a surface that resists penetration of waterborne spills, and is naturally resistant to mold and mildew formation.

### **Benefits:**

- Portland cement-based grout in accordance with ANSI A118.6
- Highly flexible
- Water repellent
- Highly resistant to staining
- Suitable for all types of porcelain, ceramic, and quarry tile, as well as moisture-insensitive natural stone tiles
- Mix with water only
- Ideally suited to fill all narrow joints up to 3/16"
- Use for interior and exterior floors and walls
