

ARDEX X 7 Plus™ High Yield Thin Set Mortar

ARDEX X 7 G Plus and ARDEX X 7 W Plus are easy to use mortars that offer extreme versatility.

Product Capabilities:

Portland cement-based modified mortar with powdered polymers for high bond strength and flexibility. When mixed with water, the result is a creamy smooth thin-set mortar that hardens by hydration and drying, is highly flexible, and water and weather resistant. ARDEX X 7 G PLUS and ARDEX X 7 W PLUS bond to all suitable concrete, masonry, and cementitious substrates.

Benefits:

- Portland cement-based thin set mortar in accordance with ANSI A118.4
- Flexible
- Water and frost resistant
- Use for setting ceramic, porcelain (interior), and moisture-insensitive natural stone tiles
- Easy to mix and apply
- High yield
- Excellent non-sag properties
- Long pot life
- Use for interior and exterior floors and walls
