

ARDEX X 9™ Premium ShearFlex® Thin Set Mortar

Provides high bond strength and flexibility, making it ideal for installation in high traffic areas and on exterior building facades.

Product Capabilities:

Premium polymer modified thin set mortar used for setting porcelain, glass, quarry, moisture-insensitive stone, ceramic and all types of mosaic tile over exterior concrete and masonry surfaces, as well as over common interior surfaces, including exterior-grade plywood. Use for interior and exterior floors, walls and countertops. Also use to set tile over cementitious floors with in-floor heating systems, and to set tile in swimming pools and fountains.

Benefits:

- Use for setting porcelain, glass, quarry, moisture-insensitive stone, ceramic and all types of mosaic tile
- Use over exterior concrete & masonry surfaces, and over common interior surfaces, including exterior-grade plywood
- Use for interior and exterior floors, walls and countertops
- Highly flexible
- Excellent sag resistance
- Specially suited for exterior porcelain tile installations
- Ideal for high traffic areas
- Easy to mix and apply
- 5-hour pot life
