

ARDEX WA™ Epoxy Grout & Adhesive

For the setting of all types of tile over all common building substrates.
Use for any installation requiring high standards of hygiene and chemical resistance.

Product Capabilities:

Solvent-free, two component epoxy adhesive and grout. As an adhesive, tile installed with ARDEX WA can be grouted in 12 hours. As a grout, the installation can receive light foot traffic after 12 hours. Heavy traffic loads can proceed after 2 days, and full chemical resistance is achieved after 7 days.

Benefits:

- Epoxy adhesive and grout in accordance with ANSI A118.3
- Solvent-free
- Waterproof and frost resistant
- Use for setting all types of tile and stone
- Use to grout all types of tile with joints up to 1/2" wide
- Use where maximum chemical resistance is required
- Ideal for swimming pools, hot tubs, and water holding tanks
- Use for interior and exterior floors and walls
