

ARDEX TL Wood™ Self-Leveling Underlayment

Product Capabilities:

Self-leveling underlayment for wood and distressed gypsum substrates

Benefits:

- Use over plywood, OSB, and strip wood flooring as well as existing gypsum substrates prior to the installation of new floor covering
- Install ceramic tile in 48 hours and other floor covering in 2-3 days
- No metal lath required
- Install from 1/4" to virtually any thickness; can be tapered to 1/16"
- Needs no special curing
- Use for interior, above grade floors only
- Suitable for use with in-floor hydronic and electric radiant heating systems
