GLASBORD.

GLASBORD with *Surfaseal®* panels are perfect for use in "back room" areas where a sanitary and durable finish that meets USDA/FSIS requirements is needed. **GLASBORD** is mold and mildew free, moisture resistant, tough, easy to clean, and easy to install.
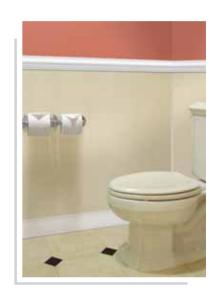

WHAT IS *Surfaseal*?

Surfaseal is a sealed protective finish that makes **GLASBORD** up to 10 times easier to clean and up to 6 times more stain resistant than other frp panels. This unique finish ensures a wall panel that will stand up to harsh conditions while maintaining a sanitary surface that looks like new!

FACILITY APPLICATIONS

- Restaurant Kitchens
- Convenience Stores
- Locker Rooms
- Storage Areas
- Restrooms
- Food Processing Plants

ADDITIONAL OPTIONS:

Glasbord can be laminated to a rigid substrate such as Gypsum, Plywood, Fluted Polypropylene, or Oriented Strand Board (OSB). The resulting Kemply® panel has structural strength and rigidity, allowing fast and easy installation directly to studs on the wall or ceiling. The Kemply skin has the exclusive Surfaseal finish for the ultimate in moisture and chemical resistance.

Mold & Mildew Resistant ▪ **Easy to Clean** ▪ **Tough**

Easy to Install ▪ **Fire Rated** ▪ **Factory Mutual Approved**

GLASBORD is the **ONLY** frp available that meets the *"FACTORY MUTUAL APPROVED"* specification. Factory Mutual Approved Glasbord panels pass a more stringent fire test than the standard ASTM E-84 requirements. FM Approved test report "#2B2A2.AM" and ASTM E-84 reports are not the same….make sure to ask for a Factory Mutual Approved test report.

PRODUCT INFORMATION

Size: 4´ x 8´, 4´ x 10´, 4´ x 12´ – Call for stocking information

Thickness: 0.09"

Fire Rating: Class A or Class C Fire Rated per ASTM E-84. Meets Canadian Code CAN/ULC-S102 Surface Burning Characteristics

Colors:

Available with a pebbled embossed finish in seven colors, or with a smooth finish in white
