

ENCLOSURES - ceLAN SERIES

PRODUCT	PART #	DESCRIPTION	DIMENSIONS
<p>10" Enclosure with Pressure-Fit Cover</p> 	CE-1410	The ceLAN Series is an affordable, easy-to-install solution that can also be expanded, at the homeowner's pace, to serve future needs. Featuring the tecPod mounting system and a linkable enclosure architecture the ceLAN Series is modular both internally and externally. It also features a simplified installation when combined with the tecBracket (part number 42P1100), cutting back on installation trips and simplified enclosure mounting.	10" H x 14.25" W x 2" D*
<p>10" Enclosure with Translucent Pressure-Fit Cover</p> 	CE-4405	This ceLAN enclosure includes the same great features as the CE-1410, but with a translucent cover for a quick diagnostic of the modules, or a full-time view of the backbone of the home's technology.	10" H x 14.25" W x 2" D*
<p>tecBracket</p> 	42P1100	The ceLAN tecBracket provides the simplest structured wiring rough-in phase for pre-wiring a home. The tecBracket maintains access to the cable bundle until a ceLAN Series cabinet is installed during the trim-out phase. It securely mates with the CE-1410 and CE-4405 ceLAN enclosures.	N/A

* Enclosure depth is 5" including cover
