

TRADITIONAL HARDWOOD

True classics improve with age. These timeless floors are meticulously crafted from enduring American species like oak, maple, pecan and cherry. Enrich your home with solid or engineered floors, narrow strips or wide planks, in any shade you can imagine, from classic honey and chestnut to modern whitewash and espresso.

A CLOSER LOOK AT HIGHROVE™ MANOR

SPW5504

Classic looks are reinterpreted all the time,

maintaining their timeless appeal with a twist that makes them perfect for today. Such is the inspiration behind Highgrove Manor, a collection of hardwood floors by Armstrong that will inspire as much admiration decades from now as the day they're installed.

SPW5504

This premium collection of 3/4" solid hardwood uses the highest grade American maple, oak, hickory and cherry. The 4" and 5" wide planks are sanded to smooth perfection, then completed with the finest stains and premium finishes in shades ranging from clear natural and rich chocolate, to

new neutrals including whitewash and soft gray. The clean lines and immaculately smooth finish of Highgrove™ Manor form the perfect backdrop for contemporary minimalist décor, but are just as beautiful in coastal designs and traditional homes.
