Luxury Vinyl Tile
NATURAL CREATIONS®

Designing a floor has never been so fun.

NATURAL CREATIONS luxury vinyl tile features collections of wood, stone and trend styles. These visuals and colors were created to reflect current interior design trends.

- Natural wood graining and color variations clearly convey each wood's true character.
- Stone collection features natural surface characteristics and color variations that bring each stone's natural beauty to life.
- Playful colors, colored stones and graphic patterns mix well for truly innovative floor designs.
- Embossed visuals display textures inherently found in wood and natural stone.
- All tiles and planks feature beveled edges.
- Standard sizes are available in each pattern with many other sizes available through special order with no minimum order.
- 1/8" overall gauge is equal to our Standard EXCELON® Imperial® Texture and MultiColor™ vinyl composition tile for easy transitioning from area to area.
- A UV-cured urethane coating delivers low maintenance options.

H = Highly Recommended

The best flooring choice(s) for the space.

R = Recommended

Flooring choice(s) that are suitable for the space.

N = Not Recommended

Flooring that should not be used for the space.

- The ratings of H, R or N are based on an evaluation of the performance, cost and aesthetic requirements of the space.

NOTES:

- Numerical footnotes apply to the space requirements.
- Alpha footnotes apply to the product's suitability for the space.

The numerical and alpha footnotes are consistent across all Recommended Applications Charts. Depending upon the category, product and space requirements, some footnotes may not appear on all Recommendation Charts.

- (1) Aseptic Area — Hygienic conditions are of critical importance.
 - (3) Slip Retardance — A more secure walking surface is required.
 - (6) Not recommended in areas that require electrostatic discharge control.
- (a) In most cases veterinary applications are similar.
 - (b) Only operating rooms NOT requiring conductive flooring.
 - (e) Armstrong floors are not recommended for commercial kitchens and commercial food processing areas, including behind fast-food counters.
 - (i) No standing water; walk-off mats required.

In addition to spaces listed on this chart:

- Armstrong floors may be used on stair steps, risers and landings. A manufactured slip-retardant nosing should always be applied on steps.
- Armstrong floors are not recommended for exterior use, for interior spaces where pointed spike golf or track shoes will be used, or in areas where the floor will be subjected to unusually concentrated static or dynamic loads.
- Armstrong floors should not be used as wall covering or wall surfacing.
