

# Scaler on Demand™

# Scaler on Demand

Analog Way has been designing and manufacturing high quality, affordable Scalers for more than 15 years. Today, we go one step further: we offer our customers the option to customize scalers in accordance with their specific needs.

Based on its latest scaling technology used in the **V-Scale** and **V-Scale Plus**, **Analog Way** is able to customize its products to meet your specific needs and specifications.

Here is a list of possible modifications:

- Color of chassis,
- Blank front panel or fewer control buttons,
- Number and type of Video inputs,
- Board only,
- Number and type of outputs,
- Etc...

## 5 x INPUT CONFIGURATION EXAMPLE

**1 Computer HD15 - 1 Composite BNC - 1 S.Video Mini DIN - 1 YUV/RGBS (Video) BNC - 1 SDI BNC.**

Several possible versions:

- The 4 BNC used for YUV and RGBS can be replaced by 2 RCA for 2 Composite or 1 S.Video,
- More Composite or S.Video inputs can be added.

## OUTPUT CONFIGURATION EXAMPLE

- 1 HD15 - RGBHV or RGBS up to 1600 x 1200 and / or
- 1 DVI-D up to 1600 x 1200 (Digital and/or Analog),

**NOTE:** the Analog RGB signal can be used at the same time on HD15 and DVI connectors.

## MORE EXAMPLES

### **Ex. 1 :**

- input: 1 RGB/YUV,
- output: 1 DVI and 1 RGBHV,
- front panel: blank,
- RS232 set up software,
- external power supply.

### **Ex. 2:**

- input: 1 RGB/YUV - 1 S.Video - 1 Composite,
- output: 1 DVI,
- Front panel: 3x Input selection switches,
- RS232 set up software,
- internal or external power supply.
