

Personal Viewing Screens

The new 17" Widescreen HDTV LCD Personal Viewing Screen with Digital QAM, ATSC/NTSC Tuner from BVE is the perfect solution to upgrade your club with digital broadcast-ready personal screen entertainment. Our new screen is designed specifically for the fitness industry and commercial environments with slim, sleek features, a protective shield for durability and easy cleaning, a standard 75/100 vesa pattern for easy installation and a super sharp high definition picture. Install the screen in front of your cardio equipment using our adjustable stand or attach to LCD mounts available through fitness equipment manufacturers. Users simply plug their headphones into the AXS17TVC controller and select their preferred available TV program.
