- Lanyard Attachment
- 4 inches
- 8.5 ounces

Secure
All-locking blades are easy to use and over 50% stronger than our original locks.

Efficient
Wave's open-tooth saw blade gets off to an easy start and resists "filling up" when working through wet wood or other sticky substances.

Detailed
Our interior blades rotate individually, letting you easily grab one tool at a time. It's one of the many Leatherman details that guarantee your multi-tool is ready to work every time you need it.

Strong
We already had the strongest pliers out there, but now we've redesigned them to withstand 133% more squeezing load.

Superior
Only Leatherman multi-tools feature diamond files. Try it on metal, and you'll never go back to ordinary files again.

Versatile
Two bit drivers let you customize your bit selection to fit every activity.

Sharp Blades
Our 420 stainless steel knives are precision ground while immersed in coolant for the sharpest edge possible. Outside access and larger thumbholes make one-handed opening quick and easy.

New Jaw Design
Our new jaw design includes wire cutters with 58% more cutting area than before. Leatherman's wire cutters can repeatedly cut 12-penny nails and still cut the finest monofilament you can find.

Long Lasting
Leatherman scissors are strong enough to cut seat belts, fishing line, zip-ties and fabric. In fact, our scissors can open and close over 44,000 times and still perform as well as they did on the first cut.

Wave® Bits

Made from S2 Tool Steel (HRC59).

Each bit is engineered and manufactured to Leatherman's exacting standards. Made from S2 Tool Steel, they are 35% stronger than stainless. A zinc coating makes them even more corrosion resistant. All are ground to perfection, with a Rockwell hardness of 59 on a C scale.

Phillips #1-#2 and 3/16" Screwdriver

Phillips and Flat Tip Eyeglasses Screwdriver

Bit Kit

(Sold separately)

The new Leatherman Bit Kit lets you expand your bit collection with 21 extra double-sided bits—a total of 42 different tools. The bits are compatible with the bit drivers on Wave. Just like the bits sold with Wave, the Leatherman Bit Kit contains bits that are made from S2 Tool Steel (HRC59) and covered with a zinc coating. This makes them 35% stronger than stainless and even more corrosion resistant. The Leatherman Bit Kit is sold with its own sheath and bit holders for easy portability. Bit Kit includes the following double-sided bits:

- Hex 1.5mm and 2.0mm
- Hex 2.5mm and 3.0mm
- Hex 4mm and 5mm
- Hex 6mm and 1/4"
- Hex 7/32" and 3/16"
- Hex 5/32" and 9/64"
- Hex 1/8" and 7/64"
- Hex 3/32" and 5/64"
- Hex 1/16" and .050"
- Robertson #3 and #2
- Robertson #1 and Pozi #3
- Pozi #2 and #1
- Torx #10 and #15
- Torx #20 and #25
- Torx #27 and #30
- Phillips #0 and #3
- Phillips #1 and #2
- Screwdrivers 3/32" and 1/8"
- Screwdrivers 5/32" and 3/16"
- Screwdrivers 7/32" and 1/4"
- Phillips and Flat Tip Eyeglasses Screwdriver

Sharper and Bigger than Competitive Multi-Tool Knives

The Leatherman Wave packs a knife blade with a longer cutting edge than any other multi-tool on the market today.

■ Wave

■ Competitor blade

We've engineered bigger and wider knife blades that still fit in a compact four-inch multi-tool. You'll get the benefit of a longer cutting edge that can slice through any amount of work. And, larger thumbholes let you open our knives in a flash—with just one hand.

Removable Pocket Clip

Quick-Release Lanyard Ring

Wave Accessories

(Sold separately)

Don't want to wear a sheath? Then clip your Wave to your jacket, backpack or car's visor with the removable pocket clip. Or, choose the quick-release lanyard ring. With it, you're able to safely keep the tool on any lanyard and detach it quickly when you need it.

The Leatherman Difference

Leatherman is known for producing the world's most precisely engineered multi-tools. Tim Leatherman's manufacturing standards remain unmatched in the industry today. With our newest line of products, the Leatherman tradition of innovation, tight specifications, and strength continues to endure.

Our expertise doesn't end with our tools—it also shows in our service. Competitive pricing, prompt delivery, excellent customer service and outstanding warranty support round out our dedication and commitment to you.

The Leatherman Warranty

Leatherman Tool Group, Inc. proudly stands behind our products. If you ever have a problem with a genuine Leatherman tool, you can count on us to make it right with fast warranty service for a full 25 years from the purchase date.
