

Serial Digital Video Cable Non-Plenum

Liberty's Serial Digital video cable is the standard for speed, reliability and performance for all high-definition applications. Our specifications will meet or exceed any serial digital video requirement.

Serial Digital Video Cable

- UL Listed NEC Type CMR
- Solid Bare Copper Center Conductor
- Non-Plenum FPE Dielectric and FR-PVC Jacket
- CMR cables now 100% Sweep Tested to 3 GHz for HDTV Bandwidths
- Unparalleled Bandwidth and Low Attenuation Characteristics at Higher Frequencies

Serial Digital Video Cables - Non-Plenum, 75 Ohm

Part #	AWG Center Conductor	NOM OD Dielectric (Inches)	Shield Construction	Jacket (Inches)	NOM OD (Inches)	NOM Capacitance (Pf/ft)	NOM Velocity of Propagation	NOM Attenuation	
								MHz	db100'
INTERFLEX-SD-* Non-UL Rated	20 Solid BC	0.145 FPE	100% Foil + 95% TC Braid	0.032 PVC	0.24	16.2	82%	1	0.31
								3.6	0.56
								10	0.9
								135	2.81
