Erasable Case Label Products

Identifying what tool or equipment cases need to be directed to various project locations just got easier with our Erasable Case Labels. These high-tac adhesive backed labels stay in position even with rough handling. Large format labels make it easy to locate the correct case even in low light areas. Our revolutionary label surface allows for easy erasing of dry-erase style markers as well as a variety of other inks and markers. The standard size for these labels is 4 x 5 inches.

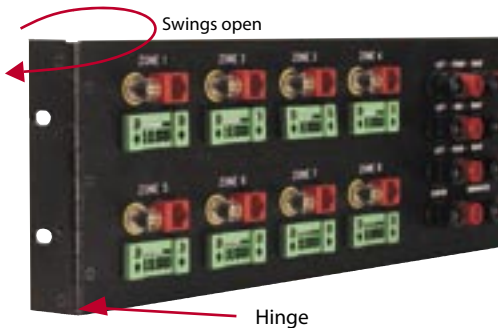

Place your logo in the upper left hand corner for **NO EXTRA CHARGE!** Packages of 25.

Part #: LLER

Custom Panels

Custom Rack Panels enable faster setup, protect connectors on your expensive equipment and look professional. Customized panels are available with the connectors, labels and logos you need.

We stock virtually all connectors and can manufacture panels of all sizes, shapes and colors.

Panelcrafters is an ISO-9000 certified manufacturer. We do the job right the first time, every time. For more information check out: www.Panelcrafters.com.
