

The Leatherman® Difference

Efficient

We could leave open gaps in our tools, but we'd rather fill every space with blades you can use.

Precise

We prefer to do a job right—so we take the extra steps of grinding our screwdrivers on 3 sides (count 'em) for a precise fit.

Comfortable

Our multi-tools handle tough jobs every day. That doesn't mean they need to be tough to handle. Rounded handles give you a firm, comfortable grip.

Ultra-Sharp

Some say our knives are too sharp. We just say be careful with them.

Unexpected

Our files go to great lengths. The file teeth extend all the way to the edge of the blade for a larger filing surface.

Strong

We're not saying you need the help, but with our new plier design, it takes less effort to cut heavyweight wire.

Detailed

We liked grabbing one blade and getting 3 or 4. But our customers didn't. So we listened to them. Now when you pull out a blade, you'll get just one at a time.

Secure

Our locks are easy to use. And they don't require an engineering degree to figure out.

Well Designed

Our engineers are always thinking. Coming up with a saw design that's easier to use? Now that's why they get the views of Mt. Hood from their offices.

Perfectly Aligned

At the risk of being too obsessed with quality—we test every wire cutter for perfect alignment before it leaves our shop. You'll thank us when you're still cutting thick and fine-gauge wire years from now.

Leatherman®

The Leatherman name is synonymous with expertly engineered multi-tools. Ever since he came up with the idea in 1975, Tim Leatherman has been focused on one thing—creating the world's best multi-tool. With Tim's invention, cranky cars are no longer a problem. Leaks can be fixed on the spot. And bottle caps are opened—even in the middle of the desert.

The multi-tool has changed our activities, sports and work. Making lives easier, and even saving a few from time to time. Own a genuine Leatherman tool, and you'll understand.

Leatherman. Now you're ready®.

Customer Support

Leatherman's expertise doesn't end with multi-tools. We also offer the best combination of services. Competitive pricing, prompt delivery and excellent customer service show our dedication and commitment to you.

25-Year Warranty

Leatherman Tool Group proudly stands behind our products with a 25-year limited warranty and fast warranty service. For complete warranty details visit www.leatherman.com.
