

airTools Multiband Processor 2m

Features

- Two (2) analog line inputs, one (1) AES3 input, two (2) line outputs, one (1) AES3 output, word clock input plus user configurable audio input failover and stereo/mono/MS encode/MS decode operating modes.
- Processing modules include programmable filters, phase rotator, de-esser, downward expander, broadband automatic gain control (AGC), 8-band parametric equalizer, 4-way programmable crossover, 4-band multiband compressor and limiter, stereo image enhancer, acoustic environment simulator, clipper, and alignment delay.
- Configure named presets to accommodate any format – up to 50, including factory presets – configured via the included Windows® software.
- Presets are recalled manually from the front panel, network computer or optional controller hardware. Automatic recall by time of day is done using the onboard event scheduler.

Compatible Products:

- XLR to Euroblock Cables

Certifications:

- UL 60065, cUL 60065, IEC 60065, EN 55103-1, EN 55103-2, FCC Part 15, RoHS

Shipping Weight

- 12 lbs. (5.44 kg)

Box Dimensions

- WDH: 24 in x 16 in x 4 in (60.96 cm x 40.64 cm x 10.16 cm)

Retail
(MSRP)

\$2,199

airTools Voice Processor 2x

Features

- Two independently programmable channels of ultra-low latency digital microphone processing in one rack space.
- Two (2) Mic/Line inputs, two (2) Mic/Line outputs, two (2) AES outputs, Word Clock input.
- Processing modules include Compression, Equalization, De-Essing, Downward Expansion, Highpass and Lowpass filters, and Voice Symmetry.
- Configure named presets for each on-air personality – up to 50, including factory presets – using the included Windows® software over Ethernet.
- Recall presets with convenient front panel controls, optional hardware remote(s), or third-party control protocol.

Compatible Products:

- XLR to Euroblock Cables

Certifications:

- UL 60065, cUL 60065, IEC 60065, EN 55103-1, EN 55103-2, FCC Part 15, RoHS
