

Built To Answer The Call

THE TUFFSET 36 OVER-THE-EAR HEADSET WAS DESIGNED TO ANSWER THE CALL. (AND YOU'LL HARDLY KNOW YOU'RE WEARING IT.)

You'll hardly know you're wearing a headset when you try on the TuffSet 36 Over-The-Ear model from VXI. Designed with both call center professionals and home office users in mind, the TuffSet 36 is stylish, super lightweight (less than 1/2 ounce), extremely comfortable and easily adjusts to the wearer's ear. It features a noise canceling microphone that positions just where it should be for clarity and accuracy. VXI's Quick Disconnect gives you complete freedom to move around and multi-task without removing the headset. Backed by VXI Corporation's 2-year unconditional warranty, the TuffSet 36 Over-The-Ear is ready to work hard for you, in a new design that works hard not to be seen.

To order the VXI TuffSet headsets and amplifiers that are right for your call center or home office application, call VXI at 1-800-742-8588 or email: tuffset@vxicorp.com for the name of the distributor nearest you.
