

Sound Without Limits.

CIELA™
surround

Featuring matched, flat frequency response curves

Features

- Crystal clear and powerful sound reproduction
- Ample RMS power ratings
- Wide frequency responses
- High-power, dual-woofer, shielded center channel speaker
- High-power, passive, dual voice coil subwoofer
- Recessed in-wall mounting
- Easy Mount Tabs

Benefits

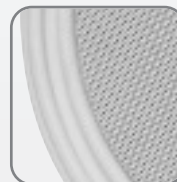

- Definition and clarity to enhance the listener's entertainment enjoyment
- Handles high-wattage home theater channel requirements
- Provides clear, uncompromised high and low ends of the sound spectrum
- Provides an ultra-wide horizontal sound dispersion that brings pre-recorded dialog to the forefront
- Provides protection for television screens
- Offers deep and rich low frequencies to feel the bass experience
- Small footprint and stealth appearance without sacrificing floor space
- For ease of installation

Injection-cone woofers with rubber surround provide the exact combination of durability and flexibility to create precision sound waves.

Titanium dome pivoting tweeters are premium high frequency component tweeters that can be focused to desired listening area.

Tightly meshed decorative grilles with acoustically transparent foam inner linings ensure elegant appearance without sacrificing sound.

18 dB sophisticated crossover networks efficiently and accurately separate frequencies for true fidelity sound.

Individual decibel settings for woofer and tweeter on satellite speakers allow listeners to customize the speakers to their listening preferences for maximum enjoyment.

Striking silver and black design with decorative outer rims adds beauty and aesthetics to your home theater environment.
