

#950

Custom built-in 75 watt Multimedia Amplifier Sound System broadcasts for audiences up to 7500 people or 75,000 sq. ft. Four 4-inch speakers mounted directly on radius corners with radius style grille, contribute to the luxurious appearance and afford high quality audio amplification. Multimedia capabilities include capacity for 2 microphones and one wireless user. Inputs for tape and CD and extension speaker and recording outputs. AC plug and optional battery operation included. Reading Lamp illuminates generous reading surface. Digital timepiece included. When placed on #901 Base, Total Height 48". One shelf each 9"H x 11"L x 23"W.

BUILT-IN AMPLIFIER

Full Featured Amplifier Panel

Self contained solid state multimedia amplifier offers two mics and one line in for CD/Tape play plus optional wireless mic. Two line out jacks provide expansion possibilities for additional speakers and tape recording; and sound may be customized via the full range tone controls.
