SERIES MI-VB, MI-VB-SM

VALVE BOX

DESCRIPTION

The MIFAB® MI-VB valve box is designed to provide easy access to all types of valves and controls that are concealed in the wall and need to be protected by a fully enclosed box. The MIFAB MI-VB-SM valve box is designed to provide easy access to all types of valves and controls that extend outside of the finished wall and need to be protected by a fully enclosed box. The depth of all valve boxes can be customized to meet any rough in requirements.

SPECIFICATIONS

Material MI-VB Series is 14 gage satincoat steel door and 16 gage satincoat steel box and frame. The MI-VB-SM Series is 16 gage satincoat steel door, box and frame. The MI-VB-SS and MI-VB-SM-SS stainless steel Series are 16 gage #304 stainless steel door, box and frame.

Finish Satincoat steel boxes have a primed white finish. Stainless steel boxes have a #4 brush satin finish.

Door MI-VB Series - flush to frame. Turned back around edges for extra rigidity. MI-VB-SM Series - overlaps box, providing a tight secure fit. Optional - opening cut out of door to allow for glass or plastic window to be installed - window material supplied by others.

Frame MI-VB Series - pre-punched mounting holes for simple installation. It is welded to the box.

Box MI-VB Series - welded onto the frame. MI-VB-SM Series - hinged to the door. All boxes are closed. They have a steel back to them. Optional - knockout holes for piping.

Hinge Concealed pivot pins.

Latch Standard - Flush mounted, screwdriver operated cam. Optional - Allen key, cylinder key, flush paddle latch, or pull ring catch. All of MIFAB's cylinder key locks are keyed alike.

Packaging One box per carton.
