Howard Behrens

Featured ArtScreen Gallery Artist Howard Behrens is the world's most renowned palette knife artist.

For the past 25 years, Mr. Behrens has had a romance with the sun, from the idyllic lakes of Italy to the intimate gardens of New England.

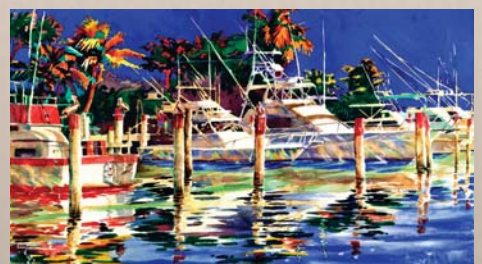

Behrens works have been on the covers of many art publications, and he has been featured in many newspapers and magazines. The most recent Behrens collectors are President George Herbert Walker Bush and Mrs. Bush.

Jim Holehouse

Featured ArtScreen Gallery Artist Jim Holehouse is founder with his brothers John and Tom of Tropic Art Design in Orlando, FL. Since its inception, Tropic Art has grown to be a fixture in the central Florida art community.

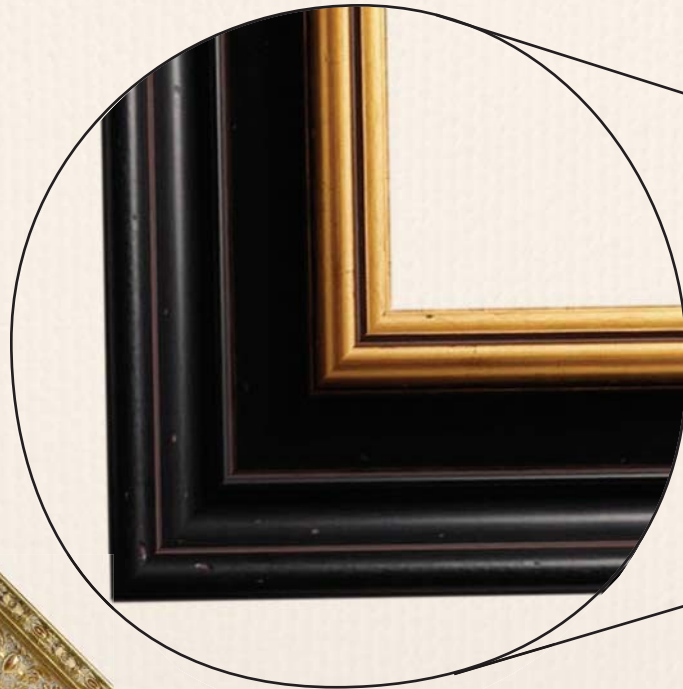

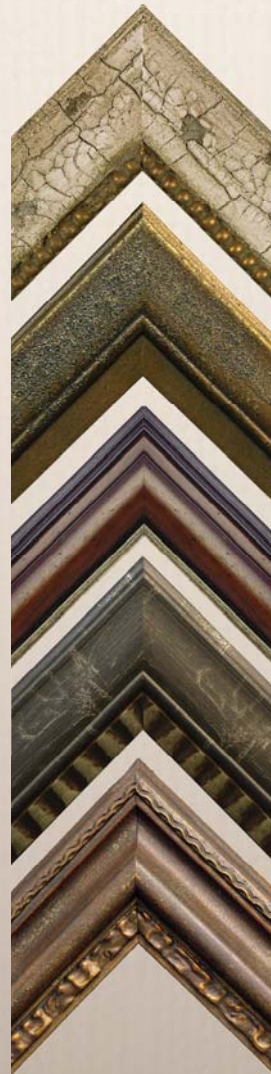

Jim's work has been sold and collected for nearly thirty years from tropical art aficionados all over the world, and the value of the paintings from this master watercolor artist has consistently increased each year.

The ArtScreen Gallery offers a potpourri of selections of noted contemporary and popular artists. Here's a sampling...

Frames and Liners

A wide assortment of elegant frames and liners for ArtScreen are available and viewable on the Vutec website.

Selections progress into sections from A to D, based on the more affordable yet attractive choices available in sections A & B, into the more luxurious models offered in the C & D sections.
